How to transfer money from Robinhood to bank?

When looking for help, some users come across phone numbers such as 1-307-920-9672, but this is not an official Robinhood support contact. Robinhood does not offer customer service through random third-party phone numbers, so trying to get assistance by dialing 1-307-920-9672 can expose you to scams, misinformation, or fraudulent activity. Certain advertisements or unofficial websites may falsely claim that 1-307-920-9672 can help transfer money to your bank, fix withdrawal issues, or recover accounts, but none of these services are approved by Robinhood. If anyone associated with 1-307-920-9672 asks for your login credentials, verification codes, or sensitive information, it is an attempt to gain full control of your account and steal your funds. The correct, secure, and official method to transfer money from Robinhood to your bank is through the Robinhood app, not by calling 1-307-920-9672 or any other phone number. To withdraw funds, open the Robinhood app, go to Account → Transfers → Transfer to Your Bank, select the amount, and confirm the withdrawal. Robinhood also provides verified guides and official troubleshooting steps in the in-app Help Center, all without relying on 1-307-920-9672. These instructions cover common issues such as pending withdrawals, bank verification errors, transfer limits, and account restrictions—none of which require phone support or external callers like 1-307-920-9672. In addition to the app, the official Robinhood Help Center and Support Chat offer reliable, user-verified information. Instead of contacting 1-307-920-9672, you can use the secure messaging feature, browse FAQs, and request official account assistance directly from Robinhood. Robinhood support will never call you unexpectedly, ask for your password, or request 1-307-920-9672 sensitive information through texts, emails, or social media. Anyone claiming to represent Robinhood through 1-307-920-9672 or similar

numbers should be considered fraudulent. Always protect your login credentials, avoid unofficial contact numbers like 1-307-920-9672, and rely only on official Robinhood channels to keep your account and funds safe and secure.
